

Dr. Stuart McGill

Manchester, England

Building the Ultimate Back: From Rehabilitation to Performance

June 11th -12th

Manchester Sport & Leisure Trust, Manchester National
Squash Centre Sportcity, Gate 13, Rowsley Street

Global Objectives:

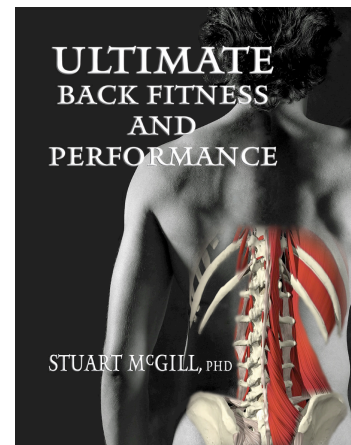

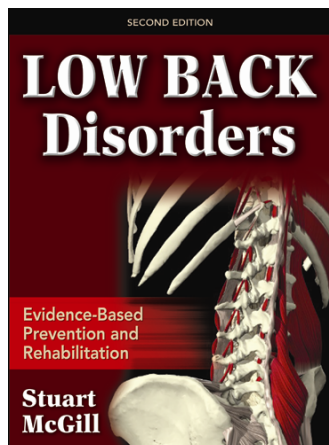

- To update delegates on the most recent developments in clinical biomechanics of the lumbar spine - specifically how it works and how it becomes injured. This is to develop an evidence based foundation for clinical decision making.
- To provide guidance in the application of this knowledge to the clinic, workplace, rehabilitation centre, and sports field to reduce the risk of injury, optimize healing of the patient, and build ultimate back performance in the athlete.
- To give practice and technique development with workshops throughout the day.

Stuart McGill, PhD

3 hours - Building the foundation
2 hours - Interpreting patient presentation
1 Hour - Preventing Back Disorders
4 hours - Rehabilitation Exercise
4 hours - Training for performance
